	Financial Status Report – Healthy Michigan – Revised 11-30-2014	1 of 11

1.0 General Report Overview

The Financial Status Report (FSR) – Healthy Michigan is utilized by the Community Mental Health Service Program (CMHSP), that is a Prepaid Inpatient Health Plan (PIHP), or the Regional Authority that holds the Medicaid Managed Specialty Supports and Services Concurrent 1915(b)/(c) Waiver Program Contract (Medicaid Contract) with the Michigan Department of Community Health (MDCH) to report all activity associated to the Healthy Michigan Plan. The FSR – Healthy Michigan summarizes the revenues and expenditures related to the provision of services to consumers who have obtained Medicaid eligibility based on the eligibility requirements for enrollment in the Healthy Michigan Plan. The FSR – Healthy Michigan will identify whether there is a net surplus or deficit prior to any redirection of funding. The FSR – Healthy Michigan will also identify any funding redirected to provide supplement to other programs for services to Medicaid consumers or redirected to address a deficit in funding.

The FSR – Healthy Michigan will be utilized by the MDCH as a tool to monitor the fiscal operations of the PIHP/CMHSP. In addition, this report in conjunction with the FSR-Medicaid will provide the basis for the annual contract reconciliation and cash settlement of the Medicaid Contract.

The PIHP/CMHSP shall comply with Generally Accepted Accounting Principles, along with any other federal and state regulations as defined in the Medicaid Contract. With the exception of the GF Contract - Special Fund Account – Section 226(a) of the Mental Health Code (MHC), all revenue and expenditures are required to be reported on an accrual basis of accounting. As such, the revenue and expenditure amounts reported must include all earned reimbursements and/or obligations regardless of whether they have been billed or collected. Additionally, any adjustments for uncollectible amounts or write-offs should be included. The FSR – Healthy Michigan must reconcile to the PIHP/CMHSP's general ledger.

The PIHPs with affiliate CMHSPs and/or contracts with CAs for the provision of the Medicaid benefit will report summary level revenue and expenditure information in separate columns for each contract. The amounts reported by the PIHP on the FSR – Healthy Michigan and FSR – Medicaid should reconcile to the FSR – All Non-Medicaid – Section I – PIHP to Affiliate Medicaid Services Contracts for each affiliate CMHSP. The MDCH may request, for select PIHPs, the reporting of prime sub-contractors in the separate columns.

The PIHP/CMHSP must certify the accuracy and completeness of the FSR – Healthy Michigan and identify a contact person, phone number and email address that questions regarding the submission should be directed to. Please refer to the Electronic Report Submission Guidance and Report Certification Form.

The FSR Healthy Michigan – Column A through I

Column A is to be used by the reporting PIHP for the revenues, expenditures incurred by the PIHP. Additionally, the PIHP will use Column A to report all redirection of funds.

Column B through H – Page 1: Column B through H will be used by the PIHP to report summary level information of their contracts with affiliate CMHSPs and/ CAs for the provision of the Healthy Michigan benefits. The amounts reported by the PIHP should reconcile to the revenues, expenditures, redirection of funds, sub-totals and totals for the affiliate CMHSPs or CAs.

Column I: Column I is formula driven and represents the total of revenues, expenditures and redirections entered in Columns A through H – Page 1 and Columns J through R – Page 2.

Column J through R – Page 2: With the formation of Regional Authorities the number of affiliate CMHSPs and/or contracts with CAs has increased. To facilitate reporting, a second page has been added to the FSR – Healthy Michigan. Columns J through R, found on the second page of the FSR – Healthy Michigan, will be used by the PIHP to report summary level information of their contracts with affiliate CMHSPs and/ CAs for the provision of the -Healthy Michigan benefits. The amounts reported by the PIHP should reconcile to the revenues, expenditures, redirection of funds, sub-totals and totals of the affiliate CMHSPs or CAs.

The FSR – Healthy Michigan – Row Layout: For the most part, all rows contain an alpha reference, a numeric reference, a description, and then the amount associated to the listed elements. The alpha reference refers to the Section of the FSR (Healthy Michigan). The number reference refers to the character of the line (revenue, expenditures, etc). The description could be a label (revenue, expenditure, etc) or a more detailed description of the item. The redirection rows include at the end of the description a reference to the partner row.

For example – AI 301 (TO) CHMSP to CMHSP Earned Contracts – J 304.5, the “AI” refers to Healthy Michigan, the 301 indicates that this row represents a redirection to another row, the “(TO) CMHSP to CMHSP Earned Contracts” describes that Healthy Michigan funds are being redirected to CMHSP to CMHSP Earned Contracts, the “J 304.5” indicates that the partner row (FROM row) is in Section J – CMHSP to CMHSP Earned Contracts, row 304.5 on the FSR – All Non-Medicaid.

REDIRECTS – (TO) FROM – Each PIHP/CMHSP is expected to maintain a balanced budget. However, it is acknowledged that funding and expenditures, by category may not always be equal. The “Redirected Funds (To) From” section will be the mechanism in which the PIHP/CMHSP will identify how any funding surplus or deficit was resolved. The “redirects” will identify how surplus funds are used by other programs or how deficits were covered by other funding sources. In either case, the funding source must be a legitimate source of funding for the program the funding is being redirected to cover.

The redirection of GF to Healthy Michigan requires prior approval of the MDCH.

Every “TO” redirection will have an off-setting “FROM” transaction. The converse is also true, for every “FROM” redirection there will be a “TO” transaction. The “TO” and “From” amounts will be equal; thus all redirections will sum to zero. Following is an example:

AI 333 (FROM) Risk Corridor – PIHP Share – N 301.5 \$100,000

This line is within the FSR – Healthy Michigan and indicates that \$100,000 is being transferred “FROM” the FSR – All Non-Medicaid – Risk Corridor Section to fund the PIHP share of a funding deficit.

N 301.5 (TO) Healthy Michigan – PIHP Share – AI 333 (\$100,000)

This line is within the FSR – All Non-Medicaid – Risk Corridor Section and indicates that \$100,000 is being redirected “(TO)” the FSR – Healthy Michigan to fund the PIHP share of a funding deficit.

Redirection amounts are entered in the FROM redirects and automatically linked to the TO redirects as the opposite or converse amount.
